

Single Stock Options

MEFF: Your Reference Market for Spanish Underlyings

MEFF is BME's Derivatives Exchange and since 2020 part of SIX Group. MEFF – as the reference Exchange for stock options on Spanish underlyings – has a long tradition of financial culture and best practice, constantly investing in innovation and development.

With a market share of 78% (12.2020):

- **MEFF** is the reference market for single stock options for Spanish underlyings.
- **MEFF** has an international profile of market participants where most of the activities come from non-resident members.
- **MEFF** is constantly looking for excellence in the quality of its services and is driving innovation in their markets and services.

5 Great Reasons to Trade on MEFF

1. Spain's Reference Market with a Wide Range of Options

MEFF offers more than 40 single stock options that include 10 of the leading Spanish companies. With an average annual market share of 77% (average over the past 5 years) it is the reference market for stock options on Spanish underlyings.

2. High Liquidity & Tight Spreads

Our **market makers** ensure a consistent price picture throughout the trading day, they offer competitive quotes and liquidity for larger sizes than the order book can absorb to generate high liquidity and tight spreads. With this they are enabled to show their best quotes and most competitive sizes.

3. Unique Offering: Our Delta Facility on Block Trades

MEFF is the only Derivatives Exchange to offer derivatives block trades with the cash leg included in one trade. Traded as a single operation, no extra fee is charged by MEFF. This unique offering allows market participants to trade derivative contracts with the cash leg, avoiding operational risks.

4. Competitive Fees

With a cap above 2.000 lots, you only get charged EUR 400 for trading and clearing.

5. Straightforward Exercise & Settlement

MEFF offers straightforward exercise and settlement. This is one of the services our clients demand the most. Simple and efficient.
