

xRolling® Stocks

Stocks Perpetual
Futures Contracts

Distributed by MEFF members and settled and cleared by BME Clearing

The contracts will be available on the 55 most traded securities on SIBE

Monday through Friday from 8:30 a.m. to 5:38 p.m. CET

All the orders have the SIBE book as counterpart with the same prices and volumes

xRolling® Stocks
Future features

TRANSPARENCY

The price is equal to the spot price proving the return on the underlying shares.
The future ensures fair and transparent price formation.

SAFETY

The transactions take place in the MEFF Regulated Market and cleared in BME CLEARING, CCP approved by EMIR.

REGULATION

xRolling® Stocks seeks to eliminate all aspects that the ESMA Decision highlighted as undesirable.

LIQUIDITY

The liquidity of the contract is the same of the SIBE book.
Tight spreads and high volume available.

MULTILATERALITY

The client could be financed by any liquidity provider and the liquidity provider could finance any client.
