If the Member accepts this attribution of the origin of the incident, the Member shall bear any consequences resulting therefrom. In the event that the Member does not accept attribution of the origin of the incident, such incident shall remain under examination, and an amicable resolution process shall be initiated with the Supervisor, which must end prior to the start of the next trading session. If no agreement is reached, the Member may lodge a claim in the terms of article 24 below.

An arbitrator shall be appointed by common consent between the parties and, if this should not be possible, each of the parties shall designate an arbitrator, and these arbitrators shall in their turn designate a third arbitrator, who shall act as Chairman. In the event that one of the parties should not designate an arbitrator within fifteen (15) calendar days following MEFF's Exchange notice of the initiation of the arbitration proceedings, the arbitrator designated by the party which has done so shall be deemed accepted as an arbitrator by the party which has failed to designate its own, and therefore the arbitration shall

be awarded by a single arbitrator. The appointment shall be communicated by means of communication which provides evidence of receipt by the arbitrator or arbitrators, for its acceptance. If the arbitrator or arbitrators should not have accepted in writing addressed to the party which appointed them, within fifteen (15) calendar days counting from the day following notice thereof, they shall be deemed not to accept the appointment. Therefore, in the event that any of the parties should have designated an arbitrator who should not have accepted his/her designation, the relevant parties shall have one last fifteen (15)-calendar day period to designate a new arbitrator. Once the arbitrator or arbitrators have accepted the designations, they shall have a period of thirty (30) calendar days to issue their arbitration award.

The venue of the arbitration proceedings shall be Madrid.

The parties expressly undertake to comply with the arbitration award issued.

The parties shall bear their own expenses, and the fees and expenses of the arbitrator shall be distributed by halves, unless the award should provide a different distribution.

For all matters which, pursuant to legal mandate, cannot be submitted to arbitration or, as the case may be, for the judicial enforcement of the arbitration, the parties, with express waiver to any other jurisdiction to which they may be entitled, hereby submit to the Courts of the city of Madrid.

4. MEFF shall make available to Members a Complaints Book in which all claims reported to MEFF shall be entered.

2. MEFF shall assess the claim made by the Client and shall respond to it within the maximum period of 1 month.
3. In the event that the client does not accept the response from MEFF, or in the event that no agreement should be reached with the Member, the Client may initiate arbitration proceedings as provided in the following section, provided that this provision has been included in the agreement between the Member and the Client; the initiation of arbitration proceedings must be communicated to the defendant, the Comisión Nacional del Mercado de Valores and to MEFF.

For the resolution of any conflicts which may arise in the operation of the Market, with waiver of any jurisdiction to which they may be entitled, the parties involved may

submit such matters to arbitration which shall be regulated in accordance with the provisions of the Spanish Arbitration Law, dated December 23, 2003, or any law which should replace or amend it. An arbitrator shall be appointed by common consent between the parties and, if this should not be possible, each of the parties shall designate an arbitrator, and these arbitrators shall in their turn designate a third arbitrator, who shall act as Chairman. In the event that one of the parties should not designate an arbitrator within fifteen (15) calendar days following MEFF's Exchange notice of the initiation of the arbitration proceedings, the arbitrator designated by the party which has done so shall be deemed accepted as an arbitrator by the party which has failed to designate its own, and therefore the arbitration shall be awarded by a single arbitrator. The appointment shall be communicated by means of communication which provides evidence of its receipt by the arbitrator or arbitrators, for its acceptance. If the arbitrator or arbitrators should not have accepted in writing addressed to the party which appointed them, within fifteen (15) calendar days counting from the day following notice thereof, they shall be deemed not to accept the appointment. Therefore, in the event that any of the parties should have designated an arbitrator who should not have accepted his/her designation, the relevant parties shall have one last fifteen (15)-calendar day period to designate a new arbitrator. Once the arbitrator or arbitrators have accepted the designations, they shall have a period of thirty (30) calendar days to issue their arbitration award.

The venue of the arbitration proceedings shall be Madrid.

The parties expressly undertake to comply with the arbitration award issued.

The parties shall bear their own expenses, and the fees and expenses of the arbitrator shall be distributed by halves, unless you award should provide a different distribution.

For all matters which, pursuant to legal mandate, cannot be submitted to arbitration or, as the case may be, for the judicial enforcement of the arbitration, the parties, with express waiver to any other jurisdiction to which they may be entitled, hereby submit to the Courts of the city of Madrid.
